

# RONDA S. OWENS ACADEMIC HONORS PROGRAM INFORMATION

## What is the Academic Honors Program?

A program designed to challenge Skyline Education students to go above and beyond in their education fostering exposure to advanced academics including, but not limited to, increased rigor, independent study, project-based learning, capstone projects, and participation in the yearly Academic Honors Fair.

## Who is eligible to apply to the Academic Honors Program?

Any enrolled AZ Compass Prep School, Skyline Gila River, or Skyline Prep High School student, grades 9 – 12, may submit an application for review. Students and parent(s)/guardian(s) are encouraged to not only look at past performance as an indicator of success in the program (there is not a GPA requirement) but to consider the following: A student's desire and willingness to put forth their very best effort to grow not only in academics but also in character; a student's willingness to accept and incorporate guidance and feedback from school administration and faculty to aid them in academic and personal growth; a student's willingness and ability to commit to the extra time required for homework, independent study, project completion, and meeting outside of regular class hours with their instructor(s); a parent(s)/guardian(s) willingness and ability to support their student in their efforts to succeed in the program.

## How are the Academic Honors Program courses graded?

Our program utilizes a 5.0 weighted Grade Point Average (GPA) scale as our measure of accomplishment. Weighted GPA scales give colleges a better initial sense of the academic potential of students based on the rigor of their coursework; they also lead to greater accuracy in class rankings.

An "A" (5.0) on our weighted scale is worth an extra 1.0 point compared to an "A" (4.0) on a standard scale. Likewise, a "B" (4.0) on our weighted scale is the equivalent of an "A" (4.0) on a standard grading scale.

Letter Grade Earned	Academic Honors Course 5.0 Scale	Standard Course 4.0 Scale
A	5.0	4.0
B	4.0	3.0
C	3.0	2.0
D	1.0	1.0
F	0.0	0.0

Not only are colleges able to identify students who have challenged themselves in high rigor courses by title, they are also able to easily identify success in those courses as well as college readiness by higher GPAs.

Academic recognitions (Valedictorian, Salutatorian, Skyline Scholars, NHS, and NCAA) all rely on GPA as the primary qualifier. Our weighted GPA scale results in higher GPAs for excelling students in addition to a more accurate ranking system where students who take standard courses are not likely to surpass students who take Academic Honors Program courses. This also serves as incentive for students to challenge themselves in honors courses as it won't harm their GPA unless they end up earning significantly poorer grades.

## What are the expectations of Academic Honors Students?

Academic Honors Program students are highly encouraged to undertake, individually and collectively, responsibility for their own academic and personal growth while fostering growth in other students through leadership by example, active contribution to a positive classroom environment, consistent completion of assignments with effort and integrity, and respect for and adherence to school/classroom policies and procedures. At minimum, Academic Honors Program students must maintain a 3.0 GPA in all their courses (honor/standard, core/elective) and a 93% attendance rate to remain in the program. Students falling short of expectations will be placed on a Performance Plan for improvement should they desire to remain in the Academic Honors Program.

## How will I know if I'm accepted into the Academic Honors Program?

Applicants will be scheduled to meet with their Academic Dean to discuss either their acceptance into the Program/selection of Honors Courses or their Performance Plan for future acceptance. Performance Plans will outline specific areas of concern that should be improved upon in order for students to be accepted into and experience success in the Academic Honors Program.
